Lake Manyara National Park

Welcome to the start of your safari and welcome to Tanzania! You've chosen a fantastic place for your safari journey and we'll get you started with an introductory briefing before we head out to begin the trip you've been dreaming of.

Lake Manyara is a world-class wildlife-viewing destination, and it offers you some really special safari experiences. For a start, it has one of the few lion populations in Africa which are known to climb trees. It's also famous for its elephants, and it's not unusual to drive along a forest track only to have to stop suddenly to allow an elephant family to pass. The setting is similarly superb, with the park's thin, but dense strip of forest wedged between a bird-rich lake and the steep cliffs of the Rift Valley escarpment.

Accommodation | Day 1

Karatu Tented Lodge

Lodge

You're located in Karatu, along the main road between Lake Manyara and Ngorongoro Crater, when you stay at Karatu Tented Lodge. Apart from the convenient location, expect warmly decorated rooms with mosquito nets and good bathrooms, as well as welcoming public areas and staff. There's an onsite swimming pool, bar and restaurant as well.

Activities Day 1

Depends on flight

Afternoon

Meal Plan – Day 1

Serengeti National Park

You'll never forget the time you spend in the Serengeti. Perhaps it will be the sightings of leopard and cheetah as they show their skills as feared hunters of the plains and valleys. Or that unforgettable moment when an elephant family feeds alongside your vehicle, so close you could almost reach out and touch them. Or the first time you hear a lion roar. Then there are the herds of buffalo, zebra or wildebeest so large that they move as one across your horizon, like a river. All of these experiences are possible in the Serengeti, one of the most beautiful parks in Africa.

Ngorongoro Highlands

Temperatures are lovely and cool in Ngorongoro Highlands, which is perfect for exploring the forests, and seeing the wildlife (elephant, buffalo and maybe even leopard) and views.

Accommodation | Day 2

Mawe Tented Camp

Tented camp

You'll feel a part of nature at Mawe Tented Camp. In your safari tent, you're surrounded by the famous savannah grasslands of the Serengeti, and only canvas separates you from some of the biggest wildlife populations on the planet. The camp is close to Seronera in the center of the park, and facilities include a bar, restaurant and campfire area.

Ngorongoro Crater

Welcome to the Serengeti's most popular wildlife area. It's here in the heart of the park, in the Central Serengeti, that you find the densest concentrations of wildlife. Big cats and elephants are frequently seen in this area, and this section of the park is rich in acacia trees and big Serengeti horizons.

Ngorongoro Crater

Ngorongoro Crater has everything you could wish for in a safari – plentiful wildlife, rare natural beauty, and the chance to enjoy it all in just one day.

Serengeti National Park

Expect big cats, elephants and giraffes in the Serengeti, and that's just the start on a canvas of big-sky horizons, flat-topped acacias and beautiful grasslands.

You'll really enjoy the location of Tarangire Baobab Tented Camp, which is inside Tarangire National Park in an area with lots of baobab trees. Elephants often wander into camp.
